Donut Shop Website Information System

Name: Jonah Reardon

May 1, 2023

Demo Link

https://iu.mediaspace.kaltura.com/media/t/1_dp5asis8

Project GitHub Webpage URL

https://github.com/jojorear/donutshopsite

Features

1. View a list of all stores and their information

This feature allows the user to view a list of stores, their contact information, and location information in one location on a webpage.

2. Add, Modify, and Remove Stores with store details and locations

These features allow the Donut Shop Owners to add, modify, and delete stores in a list on a webpage.

3. View Menu Category List and Item List

These features allow the Donut Shop Owners to view a list of menu categories and a list of menu items on a webpage.

4. Add, Modify, and Remove Menu Categories

These features allow the Donut Shop Owners to add, modify, and remove menu categories.

5. Add, Modify, and Remove Menu Items

These features allow the Donut Shop Owners to add, modify, and remove menu items and their information in a list on a webpage.

6. Filter/Search for Stores

This feature allows the Donut Shop Owners filter or search for stores based on the zip code.
